How to Create Your Own Chicken
Themed Fairy Garden

[Teelie's Fairy Garden](#) knows how popular raising your own chickens can be. Perhaps you're raising your own backyard flock, or you just love seeing and hearing about chickens. We've come up with a DIY for creating your own chicken-themed fairy garden. Fly along with us to learn more.

Select Your Container

Unless you are planning to make your fairy garden in a garden that already exists or perhaps a hollowed-out tree trunk or another natural spot, you're going to need a container to get started. Since our fairy garden theme is all about chickens, we decided to go with this silver and black planter that reminds us of a water tub for animals. Learn more about it [here](#).

Add Soil to Your Container

Once your container is selected, you'll need to add dirt to your fairy garden especially if you plan on growing real plants in it. If you aren't using real plants, then you have more options, such as filling the bottom of the container with foam, material, or wood to lift up your miniatures. We are sharing one type of dirt with you, but there are numerous varieties available. Find our selection [here](#).

Add Chickens to Your Coop

Now it's time to add your hens to the chicken coop. You can either place them in the coop or around or near it. Allow your inspiration and creativity to run wild as you put together the chicken-themed fairy garden of your dreams.

Your chickens could be wandering around the fairy garden nibbling on grass or smelling wonderful fragrant flowers if you'd like. See the adorable mother hen and her chicks that we found [here](#).

Add Roosters, Friends, or Accessories

Now it's your turn to choose some more miniatures for your fairy garden. You might want to add roosters, and friends for your hens or accessories. This fairy garden scene from the Farmer Jonathan instant fairy garden that was created by Teelie Turner offers all three options as you'll find tools with dirt, a rack, shovel, and hoe which are perfect for use in a garden around the chicken coop. You'll also meet a rooster and a bunny who cannot wait to spend time with you. Learn more [here](#).

Add at Least One Fairy

Since we are creating a fairy garden, we think that adding at least one fairy to your DIY chicken-themed fairy garden is a good idea. The fairy that we chose loves nature and animals and has a few accessories to bring along with herself including a bird bath, a pet bunny, and a pet squirrel. Complete details are available [here](#).
